The police will be in full riot gear ready to block ANY patriots from getting a foothold. They will raise bridges, close tunnels and aren't afraid to shoot and kill anyone.

Fight accordingly

Don't be surprised that Trump drops EOs on 1/4 and 1/5 specific to DC for 1/6. Trump would not call us into DC to be harmed by idiot cops.

Also remember, if President Trump is still the President after this, he can issue pardons for any charges brought against patriots; but if he is not, then you are just screwed!

Do you really think the corrupt law in DC will do anything that could remotely help Trump or his supporters? If anything they'll make sure charges aren't federal in that case.

I don't think he'd knowingly send pedes into harms way without a plan. You're right. It's either by EO, by something Pence pulls that day, or an option we don't yet know.

I feel like this day is going to be a victory declaration followed by a celebration; and having everyone show up for security, posterity and for the world to see.

Trump will protect his people and save the Republic from the scum and the clowns. The deep state is gonna be deep fried. There's no other path forward for GEOTUS because their lapdogs have publicly promised to harm him and his beloved family with criminal and civil prosecutions once Biden's handlers take command.

This has been something I've wondered and discussed with my group who is going. I don't think trump is calling us in to battle. He is calling for our attendance. We should all be as prepared as possible for a negative outcome but I don't think he's calling us into battle, yet.

Trump doesn't mince words!! He doesn't dog whistle! When has he used any kind of "code words" to hide his real words? Our dude is a based old skool Noo Yawker. When Trump says "be there, will be wild", he means "be there, will be wild" and if the day comes when he says "Save America by any means necessary NOW!" then he's not talking about a street party. THAT will be stabby-stabby-boom-boom day in minecraft. That's not 1/6. I can't speak for 1/7 though.

I know I've been downvoted for preaching peaceful protest and non-violence on 1/6, and that's fine, we're all entitled to our opinions. I don't believe Trump needs us to go big igloo (in minecraft) YET because he's got the Insurrection Act and Nuclear Abe powers up to 1/20 and he won't needlessly sacrifice American lives.

Join a MAGA caravan. Start one if you don't have it.

Here's 1 caravan already organized. It's sleek. We need some copy cats for other states.

<https://thedonald.win/p/11R4ucQt9Q/organizing-caravan-for-dc-marchi/c/>

You don't need to lead the caravan, only organize. Leaders get picked out at the first meeting or en route. Once the ball gets rolling, strong leaders naturally come out of the woodwork ready to take charge. Getting people there to begin with is what's important. Any of us memespammers can do that.

They have em but I've yet to see any carry them during protests by us or blm/antifa. I've seen the national guard at protests with M4s though. So yeah, I guess they could bring them if they wanted. And armored personnel carriers because of course police need those too.

100:1 is pretty safe. The US military has ~1.3 million people. The US population has 12 million men alone that are age 25-32. More than 47 million republican men that voted (in 2012, more now). There are 161 million men in total.

Visually it looks something like this:

If a fellow patriot needs help it's now up to compatriots to step in and protect each other.

Where a scarf, mask (to protect against the covids/keep your nose and ears warm depending on who's asking), and a hat. Cover that face, your basic bitch hoodie is insufficient and makes me feel like Im standing next to antifa.

Because given infinite time, everything *has* to happen at some point.

Given that, it is logically, neigh-- almost guaranteed, you will be reborn at some point...given infinite time.

So this is not the end. There is no end. This is just your time to fight for good, as a human American. There is no beginning, there is no end. We are all going to be on the crazy cosmic ride, probably spawning as every different creature imaginable throughout time.

Walking stick and full size umbrella might be useful. There's also pepper spray that makes a big cloud that can drift with the wind onto bystanders, and pepper spray that emits a fine stream that needs to be aimed and has accuracy.

Sunglasses, hearing protection, hiking boots, water/canteens.

Don't touch someone being taser'ed or you will join them.

Fully solidified this when at the last big protest the cops were chasing us all over the place. Stopping us from messing with blm bullshit and stuff. Same cops let the cucks burn down innocent peoples property, attack and kill people, and deal massive destruction.

You could even tell /ourguys/ didn't quite know how to react because of all the back the blue bullshit and cop worshipping. Always remember a cop will do what they are told because they want the paycheck, pension, and alot of them like the 'power' it gives them. It literally can become their identity, and they won't let it go. Many would probably line you up and shoot you without hesitation if ordered to. City cops especially are brainwashed and dangerous. Never forget there are some patriots too but you can't count on every cop being one.

Declaration of Independence

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. — That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, — That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn that mankind are more disposed to suffer, while evils are sufferable than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security. — Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government. The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid world.

We need to study their methods too. Antifa is a paramilitary force designed to operate using "over the counter" weapons, and tactics that neutralize the cops and gain them victories in conflicts with patriots.

They will hit you with things that don't seem to be weapons, and they will swarm and mob a single victim, then disperse in 10 directions. They crowd cops and "de-arrest" their people. They wear a uniform so it's all but impossible to know who did what.

Our side should be prepared for these things, and also adopt the same tactics when practical.

Yes. They used improvised weapons so that they can plausibly deny being armed. "I just like to skateboard, bro".

I am ready to protest, but I believe it will be a victory celebration. I believe he called it a protest to justify a mass gathering during the scamdemic

Fats and flag-wavers stay home and warm. This is NOT the type of rally or patriotic event you are used to. There's gonna be gas and batons; the cops and other officials of the deep state will have no mercy on the patriots.
